Dear York,

**Healthcare Reform Consultation Document**

I refer to the consultation document released in March 2008.

On behalf of the Academy, I would like to thank the Bureau for offering us a chance to raise views and concerns at the forum organised specifically for the Academy and its Fellows on 11 April 2008. The Academy acknowledges the health-care issues in Hong Kong and its financing implications. In addition, some Academy Fellows in private practice did raise their concerns about the implications of medical insurance on medical practice, and I believe these views shall be taken on board by the Bureau.

With Best Regards,

Yours sincerely,

Prof. Grace Tang  
 President
